

INSTALLATION FRAME FOR INTEGRATION OF MOTOR DRIVEN SCREENS IN SUSPENDED CEILINGS, BASED ON A FORM CLOSURE SOLUTION

Frame profile to lay on plates of the suspended ceiling as an optical completion between screen housing and suspended ceiling plates.

Enables convenient and visually attractive installation in suspended ceilings.

Supplied with a flat plug so that the screen can be connected to the power supply and subsequently disconnected when necessary for servicing purposes.

Modular design allows the separate installation of screen and installation frame. In cases of maintenance, no ceiling specialist is needed.

White colour of aluminium frame (RAL 9003).

Mounting set for installation is included in delivery.

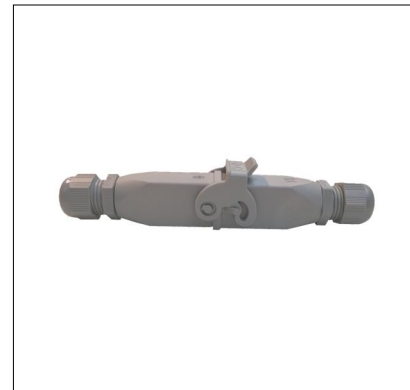

Compatible with products Rollo Standard Electric, Cineroll Pro Electric, Cineroll Pro TabTension.

Mounting set for installation is included in delivery

Visually attractive installation in suspended ceilings

Supplied with a flat plug for easy electrical installation
