

INSTALLATION FRAME - ROLLO JUMBO

INSTALLATION FRAME FOR INTEGRATION OF MOTOR DRIVEN SCREENS ROLLO JUMBO IN SUSPENDED CEILINGS, BASED ON A FORM CLOSURE SOLUTION

Frame profile to lay on plates of the suspended ceiling as an optical completion between screen housing and suspended ceiling plates.

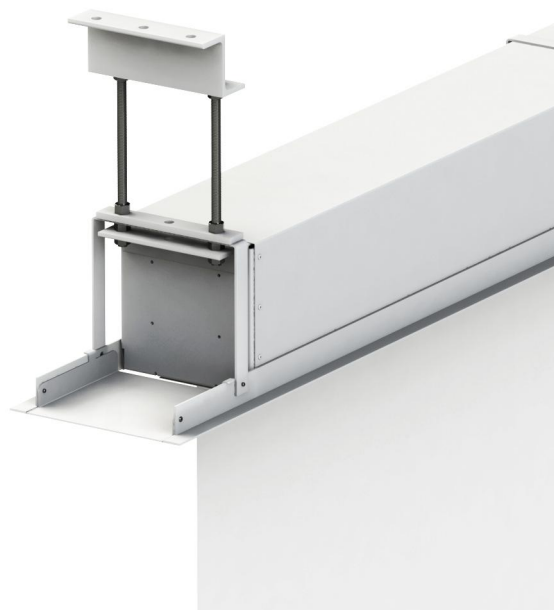

Enables convenient and visually attractive installation in suspended ceilings.

Modular design allows the separate installation of screen and installation frame. In cases of maintenance, no ceiling specialist is needed.

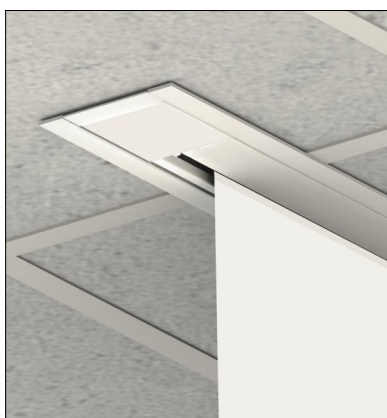

Hinged headpieces on both ends give the possibility of easy and comfortable removing of the screen housing in cases of maintenance.

White colour of aluminium frame RAL 9003

Mounting set for installation is included in delivery.
