

THE MOTORIZED PROJECTION SCREENS WITH RC REMOTE CONTROL IN A SHAPELY ALUMINIUM HOUSING WITH VARIA-MOUNTING-SYSTEM (VMS)

High-quality aluminium housing; white varnished.

Varia-Mounting-System (VMS) for direct installation on walls and ceilings; easy and comfortable installation by snap-in device with locking mechanismny rooms; the VMS-system allows the individual positioning of the installation angles over the complete length of the housing.

Plug-and-play connection: Electrical connection through mains plug, cable exit on the left side.

Comfortable and safe operation with the support of an automatic limit stop when screen is rolled in/out.

The bottom weight tube blends in the shape of the housing when the screen surface rolls inside the housing.

Black border around the screen surface
